

# HOW MAILHUB SAVES YOU TIME AND MONEY

## Cuts postage costs

Sort My Mail sorts to qualify for the best available postage rates — so you're not overpaying Royal Mail.

## One subscription, ongoing savings

A single annual cost per item replaces the time and expense of doing it all manually, every time.

## Reduces manual admin

Sorting, planning, and tracking in one place means less time juggling spreadsheets or separate systems.

## Saves planning time

Plan My Mail adapts your mailing strategy as Royal Mail's rules and rates shift — so you're not caught out or paying more than you need to, and make sure your deliveries land in time.

## Removes guesswork

Track My Mail shows exactly where your campaign is, so you're not chasing couriers or guessing delivery dates.

Smarter sorting. Lower postage. Total visibility.
